Fifty Catholic children are attending the summer school of Religious Education in Clewiston. Sister Patricia Anne, O. P. of Miami, and Sister Bibiana, O. P. of Ft. Walton, Florida are the teachers.

Those from Belle Glade receiving instructions are: Peter, Lawrence and Connie Killy, Charles Lockmiller, Jacqueline Amedee, Donna Jean Kirchman, Catherine, Edna, Jeanette and Louis Friedman, Mickey Halsey, Jessie Weaver, Veronica Pike Larry and Millicent Nash, Elizabeth and Peter Seale, Peggy and Theresa Elemen, Mrs. S. C. Johnson and Mrs. Donald Kirchman are also attending.

The two weeks course will close at noon with a picnic on the lawn of Osceola Groves.

The Sisters will attend Summer classes at Barry College in Miami.

QUARRLES-GROSS

MARRIAGE ANNOUNCED
Announcement is made of the recent marriage of Mrs. Emma Quarrles to Deputy Sheriff Gibbs Gross, the ceremony taking place at the home of a relative in Rome, Georgia on June 1, with the Rev. Bond officiating.

The bride came here several years ago from Rome and has been employed by Mr. and Mrs. W. S. Jones at the Glades Laundry.

Mr. Gross was a former state highway patrolman in Okeechobee until 15 months ago when he joined Sheriff Kirk's staff as a deputy with his headquarters here. He is a member of the Belle Glade Elks and Lions Club.

The couple plan to make their home here.

WCSA HAS LESSON ON CHINESE MISSION WORK

The Woman's Society of Christian Service held their recent meeting at the Methodist Church here, the speaker was the vice-president, in charge of the business session.

The Rev. Leonard Vandewater presented the lesson from the study book, "Ten Thousand Years", and outlined conditions prevailing in China 160 years ago when our first missionaries began their work there.

Hostesses for the social hour were Mrs. E. M. Vanlandingham who was assisted by Mrs. M. M. Subbitt and Mrs. Dooley.

DENTON-WILLIAMS

WEDDING ANNOUNCED
The marriage of Miss Mary Grace Denton to George LaRue Williams is announced by her sister, Mrs. Marion E. Fleming.

The ceremony took place in Valdosta, Georgia on June 18 at the First Baptist Church, with the Rev. Gibson reading the service.

Open house is being held tonight for the young couple at the home of Mrs. George LaRue Williams, mother of the groom, Mrs. Fleming, and Mrs. Faye Rudy as hostesses.

Local Residents To Reside In Jupiter

Mr. and Mrs. Roland Robertson, of Chester, Pa., making their first visit to Florida, on Wednesday, completed a most delightful visit with Mr. and Mrs. Walter F. Robertson of Camp. The visitors, who were much impressed with the Glades area from many standpoints, in particular with the good atmosphere Mr. Robertson for years has been employed as a joiner in the ship yards in Chester, and is soon due for pension retirement, at which time, Palm Beach County will likely be welcoming him as a citizen.

Mr. and Mrs. Walter F. Robertson, who have been residents of Belle Glade, for several years, the former as an insurance agent and merchant, and the latter as a teacher in the Osceola Camp school, next Wednesday, will change their residence from Belle Glade to Jupiter, where Mrs. Robertson will teach the college school year. They have leased a very pretty rural home on the banks of the Jupiter river.

Mr. and Mrs. Robertson have been very active in the work of Glades and Belle Glade lodges of the Odd Fellow Order, having served as the first Noble Grand of the Regatta Club. Both are members of the Patriarch Militant, branch of the order in West Palm Beach. Both are members of the Baptist Church here and were married in that church by Rev. I. E. Enlow, two years ago, when the Patriarch Militant honored them with a Militant ceremony, the first ever observed in Florida.

Mr. and Mrs. Robertson have made a host of friends while here in Belle Glade, and they will be missed in the circle in which they were active.

BLESSED EVENT

Mr. and Mrs. J. B. Jones, Jr., announce the birth of a daughter on June 19 at the St. Mary's Hospital in West Palm Beach. She has been named Deborah Anne.

Local Youth Shows Theatrical Ability

Hubert Michaels, the versatile 11 year old son, of Mr. and Mrs. S. Michaels, was one of the entrants in the amateur theater program staged by the City Park and Recreation Commission, in what is known as "The Hometown Talent Show".

The judges found that he sang and danced numbers headed the list, and he was given a position as Master of Ceremonies at the presentation of the show. In that position he made a decided hit. Young Michaels will appear at the Arcade Theater on Saturday and Sunday at the Florida next week, as the head of a youth show.

Faculty Members At Presbyterian Camp

Rev. and Mrs. Herman Dorn the former serving the Presbyterian Churches at Clewiston and Belle Glade, left on Monday for Sorrento, near Ft. Dora, where they will be instructors in the summer school conducted under Presbyterian auspices, in both High and Junior classes. The local delegation of young people left for camp on Wednesday. A supply master will serve for the absent pastor at the local church on July 4th.

Corn Picking Machines For Glades Harvest

A visit to the schools on Tuesday morning, showed 90 children of the school grade age, enrolled at the Community Church. Here the planned work is in charge of some 30 volunteer instructors, supervised by the pastor, Rev. Leonard F. Vandewater.

At the Baptist Church the enrollment was reported as 190, 45 of whom had been listed on Tuesday morning, during the school period the children and the faculty are booked to enjoy an afternoon picnic outing, possibly out on the dike south of Belle Glade Harbor.

Resigned Presidency Of Chamber Of Commerce

Henry O. Earwood, who was elected as president of the Belle Glade Chamber of Commerce, to succeed Julius Harris in that position, has resigned from that position, owing to his expectation of being absent from the city, so that he could not effectively function in the position.

The former Grace Denton, who was acting temporary secretary, has also resigned, owing to her recent marriage.

Takes Motor Business Trip

S. Michael, the clothing man, on Wednesday, left in his motor car, for a three weeks business trip, which will take him into Iowa, Minnesota, Wisconsin, Michigan, Ohio, New York and Pennsylvania.

HERALD MAIL BOX

This column is for Herald readers to express their opinions on questions of the day. They are not necessarily the opinions of this paper.

A number of inquiries have been received in response to my letter in the HERALD of June 18. As they all ask the same question, "What can I do?", I am taking the liberty of using your column to reply.

The part of the program for "ACTING NOW" which follows is directed to parents:

1. Begin in the home by installing in the children responsibility for civil authority and the moral law.

2. Emphasize politeness in the home. A serene, Christian family life is the very foundation of a Nation.

3. Teach children Christian principles and how to put them into practice.

4. Caution college students, in particular, against joining organizations which have doubtful principles.

It is important that students going away from the influence of home be put on their guard. Unless our children adhere firmly to home training, they are apt to be swayed by the subversive methods of the Communists which are aimed directly at demoralizing our youth.

Legion Soft Ball League Formed

A new Junior soft ball league sponsored by the American Legion posts at Belle Glade, Pahokee, Stuart, Ft. Pierce, Fort Beach, Stuart and West Palm Beach, has been formed for a summer schedule of play, which will open this week.

Each team will play a series of ten games, five at home and five away from home. Richmond is now forming his team and would like players to get in touch with him for placements on his team.

Will Stick By Army Service

"Red" Imes recently has been the host to his cousin George Edward Imes, who was for several years employed here in the dusting business. The young man is now in the regular army service and is stationed at Elgin Field near Pensacola, and he plans to make soldiering his life work until time for legal retirement. He re-enlisted after his first three year hitch in the Army service.

NEWS VIEWS

By E. D. DODG

Summer time is swiftly time, and swimwear is a lot of fun - providing you know the rules of common sense overboard. Don't dive into any place where you don't know the depth, unless you are using your head as a drilling tool, and give your muscles an hour to rest, before you take a dip. Don't try to swim in the early part of the season, just as you just as soon as you can. That's all right, but don't swim with your eyes closed, just take it easy, especially in cold water. If you are just to meet the lifeguard, then the water is the only place to go.

The future of Belle Glade seems to be a bright one. The town is growing, and the people are happy. The future is bright, and the people are happy.

The surprise of the evening came when Governor elect Hicks, announced that he had selected Robert of the club as a special ball for the lion whom the membership determines to be its leading lion promoter and civic worker. Three leading lions in this case were W. L. Cunningham, A. J. Lively and Emmett Roberts, and when the victory election was opened, the working practice had been awarded this signal honor, one that he well earned and deserved by his outstanding work with the club the past year.

The program at the Army camp completed, all guests were invited to the Country Club for a social hour, which was provided free by Doc Vandlingham's select orchestra.

CITY TAKES OVER (Continued from page 1)

It would take over the function, and directed that additional supplies be procured to complete the job and make necessary changes where necessary. The business houses and homes will be numbered according to the adopted Hunslett system of numbering, already approved by the Commission. The city will charge a flat fee of 50c for each number.

Bobby Matthews, a local high school graduate and now a student at Stetson University, was hired at \$15 a week, to do a systematic job of selling and placing the proper numbers in place.

An amended ordinance was read for the first time, which provided for a change in the fees to be charged for electrical installation inspections, which run from \$1.50 to \$5.00 for first inspections and permits, and additional charges for additional inspections. The fee rates were worked out by electricians and the city inspector.

Roy Lane and Son were given a contract to build a sewer pump for use at the city rock pit at a cost of \$137.

Renewals of a \$4,000 insurance policy on city hall property was renewed with the Harris Insurance Company.

The Commission declined to waive the \$50 a month extra fee for allowing liquor dealers to have 24 hour service. The dealers were told to revert to their normal hours.

the old hours of closing if they were not satisfied with the prevailing agreement.

Water works Commissioner Richmond stated that the Government had reclaimed the jeep track which the department had been given in loan, and that there was a need for another like machine to replace it, which will likely be soon purchased.

The Commission granted the First Church of Scientists, the privilege of placing a fire resistant frame building of small dimension and moveable, on a vacant lot on West Avenue A, to be used as a public reading room, for a year period.

As it was found to Government requirements for the National Guard Army building would cost around \$1,000, instead of \$1,500 as first estimated, the Commission was requested to make a second donation to make up the deficit.

Differences between the firm of Davis and Parrish and the City Inspector were brought before the Commission by Robert Davis, for clarification and understanding. This grew out of offensive orders arising from truck stops stopping there for service, which complaint had been reported to the sanitary and police department.

Mc Davis admitted that on occasion several trucks and busses parked near their place against which complaint could be rightfully made, but such parking practice had been abrogated by his firm. That the firm was under contract to service certain fleet of trucks, and work on transit trucks, but latter were of short duration periods of not over a few hours.

The Elks portion of the park will be devoted to youth camp activities. Palm Beach lodge has also secured a long time lease on property in the north section of the city where it will develop into a youth recreation center.

Job Openings At Local Employment Office

Job openings at the Florida State Employment office have become scarce with the end of the vegetable harvest season, according to A. M. Larrimore, manager of the local office. Although the decline in employment in this area is a seasonal condition, many applicants registered for work finding seasonal unemployment will be looking or well being.

The FSES is conducting a door to door canvass of business establishments in Belle Glade to uncover any available job openings which may exist. It is hoped that any employer who has a job opportunity will call on the State Employment Service in order to compare the qualifications of his job opening with the qualifications of applicants, both veteran and non-veteran. The telephone number is 307.

South Bay Growers End Good Season

The South Bay Growers Inc. ended and operated by a number of local growers brought their spring season to a formal ending last week. Their final product was the drying, grading, sorting and boxing of the gladioli bulbs of local growers for transfer to the refrigeration plant for a two months rest during the summer.

The plant remained in operation with a skeleton crew for several weeks after the close of the snap bean season to grade and pack the late spring egg plant crop for market.

J. K. Willis and maintenance crew are at work on the plant at present making plans and remodeling the plant and equipment to be ready for the opening of the fall vegetable season in late September.

South Bay Growers End Good Season

The South Bay Growers Inc. ended and operated by a number of local growers brought their spring season to a formal ending last week. Their final product was the drying, grading, sorting and boxing of the gladioli bulbs of local growers for transfer to the refrigeration plant for a two months rest during the summer.

Mormons To Have Worship Temple At South Bay

Mrs. H. B. Walker reports that the all day conference of the Mormon Church at the Belle Glade Legion Hall, Sunday, took place in the morning. A new chapel to be erected in the Summerlin Subdivision at South Bay and made plans for a start on the building.

It was made clear that the local members will be required to raise the initial sum of \$4500 before the building program could be started. The balance of the \$15,000 planned expenditure on the chapel will be donated to the local building fund from the church at large.

An interesting program was held during the day and a covered dish luncheon served during the noon intermission. Chief speakers of the day were President James Martell of Vero Beach, Dr. Campbell of Fort Lauderdale, Elders J. Ketter, Arthur Ernstson and Curtis S. Smith.

Elder Marvin T. who has been serving as a missionary to the Glades has been transferred to Atlanta, Ga., as treasurer of the Southern States Mission.

Citizens To Provide Funds For School Band Uniforms

The Citizen's Band committee was organized at Moore Haven, to promote a music department and band for the Glades County High School. The Board of Public Instruction employed Harry E. Green, Jr., of Hubberty to take over the music department and develop the band, and his choice proved to be a fortunate one.

The Committee decided the band to be properly uniformed, and set around to raise a sum of \$750, the price of uniforms and some instruments. The County Commissions kicked in with \$1500, and the School Board with \$500 and the committee raised the balance, so next fall the Moore Haven school band will step out in uniformed uniforms, to compare well with larger schools of the lake region.

The plant remained in operation with a skeleton crew for several weeks after the close of the snap bean season to grade and pack the late spring egg plant crop for market.

J. K. Willis and maintenance crew are at work on the plant at present making plans and remodeling the plant and equipment to be ready for the opening of the fall vegetable season in late September.

Job Openings At Local Employment Office

Job openings at the Florida State Employment office have become scarce with the end of the vegetable harvest season, according to A. M. Larrimore, manager of the local office. Although the decline in employment in this area is a seasonal condition, many applicants registered for work finding seasonal unemployment will be looking or well being.

The FSES is conducting a door to door canvass of business establishments in Belle Glade to uncover any available job openings which may exist. It is hoped that any employer who has a job opportunity will call on the State Employment Service in order to compare the qualifications of his job opening with the qualifications of applicants, both veteran and non-veteran. The telephone number is 307.

OBSERVATIONS
Continued from page 1

area can take a sufficient supply of cattle, to supply the market with a steady year round production, to say nothing of what supplies would be trucked in from adjoining areas. With abundant of grasses for feeding purposes, feeder cattle can be brought in by the thousands, and money made on them. The cattlemen of the east coast are willing to aid in establishing a market at Belle Glade and will become patrons of same with their ranch cattle.

The Bell Telephone directory just recently issued, shows that the Belle Glade exchange subscribers number over 800, a considerable larger amount over those in the Pahokee exchange. The completion of the cable line from West Palm Beach to South Bay, is going to provide new trunk lines for local and long distance service, and with the new central plant, the lake area, will be using the dial instead of the number call system. The commercial subscribers will appreciate this, as long delays will be removed, giving quicker and more satisfactory service in the busy season.

Just why a site many miles off a main highway is chosen for the annual "Farmer and Packing House Men's" season end picnic, is beyond the writer's understanding. The function was held last Thursday way over on the banks of Fish-

eating creek, and from the food standpoint nothing could be superior to what was served. You have read in the Bible about the man who prepared a wedding feast for his son, and the guests failed to arrive? Well, that describes that attendance at the "relaxation outing" of this year. After partaking of those delicious barbecue sandwiches, little groups gathered here and there, and soon they were talking a language which I am sure was not taken from the Bible, and being beyond comprehension. I drifted off for my favorite past time to fishing. All present seemed to enjoy the day's program immensely.

When you see a group of school boys attend a cattlemen's meeting, you can tell which way their mind is pointing for future days after their school years. Many of them already own a number of head of cattle. Some mighty fine stands of field corn are to be seen between South Bay and Moore Haven, almost ready for the harvest. Tall stalks higher than a man's head, with heavy drooping ears filled with grain kernels. The yield should be a heavy one.

Well, there is one Republican in Palm Beach county, who has the respect and thanks of the Glades "go-getters", for what he was able to assist in getting our food control bill through Congress. That man is Norman Miller, of West Palm Beach. Miller as an influential man in the ranks of Republicans, dropped in with the Demo-

cratic faith brethren, to work for the deal, and he is due credit for bearing pressure of his party men in Washington, to give Florida what it needs and deserves. Miller will be the boy to see when Republicans replace Democrats, if the national Government is in Republican hands after next January.

Clewiston is becoming quite a city, with its fine line of modern store buildings going up along the central avenue drive. The new Masonic building is quite an addition to the city, and will be occupied by the new Sugarland Masonic lodge after it institution on July 1st.

Washington government officials here on the migratory camp business, at the city hall meeting, Friday night, learned that Glades farmers and businessmen knew how to talk "turkey", when it came to their interests and the welfare of the Glades.

This prolonged fracas, to have or not to have commercial fishing in Lake Okeechobee, is not only depriving fishing folk from making a living, but it is playing hob with regular business outside the fishing industry, in Moore Haven, and merchantile people are hoping that definite decision on the issue will soon be forthcoming.

Russell O. Morrow, in his flag day address, brought out the fact that the Florida star to the flag field, was the 27th added to that galaxy, which took place after the war between the States. Clyde Trammell in his flag ceremony also gave us one of valuable information that help us revere and honor the flag. Elks Flag Day is a mandatory order on every lodge and member.

Did you do your duty by Father, last Sunday? If you did, both you and the honors, must have enjoyed and been pleased over the act.

Sewell, manager at the Royal store, after the first game of soft ball, announces his retirement at physician's orders, for he sustained a badly wrenched right knee, by making too sudden a turn while at bat. He's got more than a charley horse.

Summer vacation periods are being observed by the Order of Eastern Star and Belle Rebeccah lodge, as they are omitting meetings until August.

The recent golf tournament at the Country Club of the Everglades, proved that the region, had some very clever and versatile players, who can hold their own with anyone. Herald

office produced three-of the prize winners.

Belle Glade continues to grow, and still no definite action has been formulated that will bring the city a first class modern commercial hotel, which is so badly needed.

Have you discovered that one of the places which is observing the Wednesday afternoon closing program is the city post-office? But the office is open on Saturday afternoons.

The youth of Belle Glade should be a bit wiser in matters of Bible instruction, after they complete the work of the two they complete the work of the vacation school sessions being conducted at the Community Baptist churches.

"Make Safety Our No. 1 Crop" 4-H Slogan For 1948

"Make Safety Our No. 1 Crop." That's the 1948 slogan of 4-H Club boys and girls throughout the nation to help reduce the annual toll of 18,000 deaths and 1 1/2 million injured on farms, due to accidents.

Many members are taking active part in the National 4-H Farm Safety awards program, which is being continued in Florida under the direction of the Extension Service for the third consecutive year.

Among the members' activities to safeguard their families against accidents are removing or correcting hazards on their farmsteads. Their safety measures include nailing down loose boards in homes and barns; covering open wells and water tanks; properly storing tools; exercising care in operating machinery on farms and automobiles on highways, to mention only a few.

As incentives for superior records in farm safety work, awards are again offered this year by General Motors. They comprise sterling silver medals to five winners in each county, and a merit plaque to the state championship county. Each state's champion will receive a trip to the Chicago 4-H Club Congress next November. Eight state winners selected to receive national honors will each receive a \$200 college scholarship.

Last year's state winner in Florida was Carolyn B. Daugherty, Melbourne. There were 23 county medal winners in 1947. Broward County was named to receive the 1947 merit plaque.

Hunnicut's To Make Clewiston Appear

The city administration at Clewiston is going to have all property in the city re-appraised,

and has employed the Hunnicutt Associates, of St. Petersburg to do the work. This is the same concern which did a like appraisal for the City of Belle Glade. Its findings and assessment will make a basis of tax values of property, so that the City Assessor can make more equitable assessments.

Florida Cattle Market Mass Big Business In Last Week's Sales

Owing to the fact that there is a great possibility that a public auction cattle sale station will be located in the Belle Glade area before fall, figures released, this week, by the State Marketing Bureau may be of interest to Herald readers, showing what can be done with and can readily be matched in time in a cattle at our market.

A new market established at Thawchula, held its first sale last Thursday, which is to be sale day there during the year, handled some 435 head of cattle and 25 hogs, sold at a price of \$28.000.

At Arcadia, an established and leading market, 1258 head, sales income, \$82,225; Kissimmee, 738 head, income, \$58,000; Sampson market, at Miami, income \$13,450. Five state operated markets and ten independent markets, handled 5,408 head of cattle; 2184 hogs with producer returns of \$330,072.560.

Charles Bolton Pleased With Reception Given New Ford Car Exhibit

Charles Bolton, of the Belle Glade Motor Company, was a very happy man, on last Friday, as he received the people who came to the sales room to see the display of the two types of new Ford passenger cars.

Groups filled the show room most of the day, and they made a pretty thorough inspection of the new Ford offerings as well as asking for information.

Mr. Bolton said, "I was delighted with the words of appreciation spoken by our visitors in regard to our new cars, and more so, that a number at once placed orders for cars. I have never offered a car product to the public with as much assurance as I do the new Ford car, for in them our agency, has a real modern car which properly deserves the title 'The Car of the Year.'"

Lake Worth Drainage District Frees Debt

The Lake Worth Drainage District, which is one of the connections of the over-all drainage project, has announced that

through bond refinancing and careful operations since that time, that it is now out of debt, and has a surplus of \$150,000 earmarked, in addition to its annual land tax income.

In 1938 the district's debt was \$2,800,000 on bonds and a million on interest. The last bonds and interest of \$51,000 have been paid, and at the annual land owner's meeting at the Boynton Beach market, on July 14, these bonds will be burned.

The territory covered by the district is making a fast agricultural development with vegetable and cattle, and lands are showing a rise in valuation, as well as being dotted with many fine new homes and farm buildings, and farming equipment.
